

Environmental Policy

City Living Property Services is committed to protecting the environment and working in a manner that is sustainable.

Our Objectives

- To work in a responsible and sustainable manner
- Identify and implement processes which build resilience and environmental sustainability
- Seek new innovative systems and integrate these processes into our business activities.
- Gain certification to ISO 14001 via our management system supported by this Environmental policy and sustainability goals.

Our Methods

- ✓ Promote environmentally sustainable practices from concept to construction;
- ✓ Consider the impacts of our business on the environment in our decision making processes, make continuous improvement and record progress;
- ✓ Encourage clients to demonstrate their environmental responsibility via certification, environmental objectives and policies;
- ✓ Comply with relevant environmental legislation and other regulations;

This Policy applies to all operations where City Living Property Services is undertaking work and covers all our activities and services.

City Living Property Services is committed to working together and with our clients to achieve our objectives.
